
New LION

Hi All

I am new to this so I'm not sure what the general info is that most people put down here but I am a recruiter based in Sydney.

New to Sydney as I am from South Africa and I'm very new to internet networking as this is not a tool widely used in South Africa at the moment so I'm really looking to expand on my knowledge with this form of networking.

Hi There

I work in the IT industry in Denmark as an IT architect. If you are interested in connecting then take the time and enjoy the benefit of my network of 4000+ first degree connections and more than 11M in total.

I am sure you can find at least one or two guys fitting your needs in my network - there are a lot of recruiters. Just send me an invitation by clicking [here](#). Either use my e-mail (frankmandix@gmail.com) or the fact that we both are LIONS. You could also visit my profile (just click "Add Frank to your network").

Let me know if I can help you.

Kind Regards,

Frank Mandix

Cassandra,

Please go to the "Downloads" section. Open the Excel spreadsheet and add your email address and date of entry to the bottom of the list. Save the list and close.

If you would like to use the list to invite other LIONS to join you network just follow the instructions on the spreadsheet.

Regards,
Dan Light
